

Quick 16 ONLY

When entering the Quick 16 race, you purchase a Quick 16 tech card. This card enters you into the Quick 16 race and makes you eligible to win the Quick 16 purse.

If you do not qualify, your entry fee will be given back to you.

If you do qualify, you will race in each round until being eliminated.

Once eliminated, your chances of winning the Quick 16 purse are over.

Quick 16 and Single Entry Super Pro

If you would also like to enter the Super Pro race, you must purchase a Super Pro tech card. This will make you eligible to win the Super Pro purse.

If you have purchased both a Quick 16 tech card and a Super Pro tech card, you do not have to race in the Super Pro race until you have been eliminated from the Quick 16 race.

You will automatically advance in every round of Super Pro that you advance in Quick 16.

Once eliminated from the Quick 16 race, you must race that round of Super Pro to continue to be eligible for the Super Pro purse.

Quick 16 and Double-Entry Super Pro

If you would like to double-enter in Super Pro, you must purchase a second Super-Pro card. This will give you a second chance at the Super Pro purse.

If you are entered in Quick 16 as well, you must run your double entry in every round of Super Pro. (Even if you have not been eliminated in the Quick 16 race)

!!You only automatically advance in Super Pro with your first entry, not your double-entry!!
